

# What do you do when you hear a siren?

Hello friends!

You know, I recognize all kinds of sounds.

Dogs barking - woof woof woof

Car honking - beep beep

Ambulance siren - wee woo wee woo

Phone ringing - ring ring

What sounds do you know?

Today I heard a new sound.

A strange sound, that goes up and  
down.

Sometimes it's quiet, and sometimes  
it's loud, and it's a little painful in the  
ears.

They call this new sound a siren.

The sound of the siren keeps us  
safe,  
like a hero!

When you hear the siren, you need  
to listen to Mom and Dad,

give them your hand,

and go quickly to a safe and  
protected place.

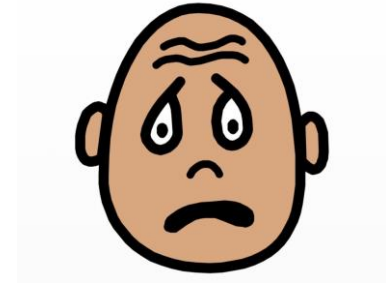

Sometimes the sound of the siren is  
a bit scary.

When I'm scared, I can:  
Put my hands on my ears  
Hug Mom or Dad  
Breathe deeply  
Read a story I like  
Or listen to a beautiful song

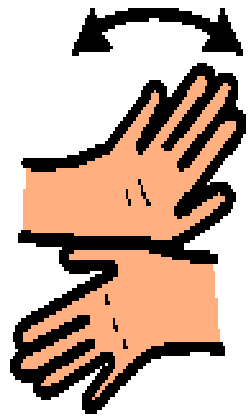

Sometimes I hear a siren:  
During a meal,  
When I'm watching TV,  
When I'm putting together a puzzle,  
.And even when I'm sleeping in bed

Sometimes I don't want to go,  
But I stop and listen to an adult,  
because I am a champion!

When the siren stops, and Mom or  
Dad say it's okay,  
I can go back to playing or sleeping.

Mom, Dad, and the siren watch  
over me,  
I'm safe and protected!
